The bed of the tank appears to have been used for a long time by the cattle of the City, and during the next best months, some arrangements could be made to allow the cattle to go to the tank for water, confining such use to a particular locality which may be hedged off for the purpose as desired, by a local committee.

No 408
En. No. 4.

Mysore City Municipal
President's Office
dated the 12th March 1896.

To,

The Secretary to the
Government of Mysore
Revenue and General departments

Sir,

The whole of the cattle of Mysore used to go to the Doddakere tank for water and for rest in its bed. This is a long established "mamool." Recently the Sanitary department began to plant up the bed with Eucalyptus trees for purposes of sanitation and prevented the cattle from going there for fear that they may destroy the plants. The people complained of this to the municipality, the tank being within the municipal limits. The board after consideration and discussion admitted the serious inconvenience caused to the cattle and resolved to request the Sanitary Engineer to allow the cattle to use the tank and its bed as usual. A copy of the

resolution was sent to that officer, but he says in reply that he is acting under the orders of Government. The petition of the people, a copy of the resolution of the board thereon, a copy of the letter addressed to the Sanitary Engineer and a copy of his reply no 819/238 of the 10th march 1896, are herewith submitted. Early orders are solicited as the matter is urgent.

I have the honor to be

Sir,

your most obedient servant

President of the

Mysore City Municipality.

Enclosure No.

Sir,

Your letter no 393 dated 4th
March 1896, stating that
by the recent planting of
Eucalyptus in the bed of
Doddakere tank at Mysore
the cattle that were going
to the tank for water and
rest had been prevented
from doing so, and re-
questing to remove the
obstruction.

Referring to

to the above has the honor to inform you planting of the bed of Doddakere is a Sanitary work of greater importance than the purpose for which it has been used by Calle and as the work is being carried out under orders of Government I would suggest the expediency of your addressing the Government on the subject.

2. Further planting will however be stopped pending receipt of orders.

I have the honor to be

Sir,

Your most obedient servant.
